

NORTHERN LIGHTS DINING EXPERIENCE

FINNISH DINNER & EVENING UNDER THE ARCTIC SKY

Experience an atmospheric winter evening that combines authentic Finnish flavors, warm hospitality, and the magic of the Arctic sky.

The evening begins with a hearty Finnish dinner served in a charming historical wooden building, full of character and local stories. After dinner, the experience continues outdoors—just steps away from the restaurant. Guests bundle up in warm winter gear and gather by the campfire near the riverside. With hot drinks in hand and the soft crackle of the fire in the background, it's time to look up and wait. On clear nights, the Arctic sky reveals its magic, and with a little luck, the northern lights will dance above the peaceful landscape.

Even without auroras, the experience offers a rare kind of calm—pure air, silence, and time to simply be present.
